Queensland International Business Academy is a results-driven, Registered Training Organisation (RTO) which was first established in 1986. Originally providing **Certificate** and **Diploma** level Business courses for Australian school leavers, QIBA quickly expanded into **English language** programs and **University Pathways** for international students. QIBA also ventured into successful offshore projects in Japan, Malaysia, New Caledonia and China and earned the reputation as a leader in international education.

More recently, QIBA has expanded its education and training activities to include: a **Skilled Migration Internship Program for Accountants (SMIPA)** and **Registered CPA Program Tuition Support** as well as **Certified Business Programs** through our subsidiary companies. This expansion means that some QIBA programs are now delivered in many capital cities around Australia and internationally.

QIBA is an accredited private provider of English language and Business programs offering direct pathways to leading Australian universities. Our students enjoy the benefits of affordable, quality education in a supportive, healthy and friendly environment.

QIBA's beach front campus is conveniently located in a modern complex overlooking the Pacific Ocean in Australia's most popular tourist destination where many part-time employment opportunities exist.

Come and join our professional, international family!
